About Us

Throughout its 110 year history, Big Brothers Big Sisters provides children facing adversity with strong and enduring, professionally supported 1-1 relationships that help children have higher aspirations, greater confidence, educational success and to avoid risky behaviors.

Big Brothers Big Sisters of Southwestern Connecticut serves Fairfield and New Haven Counties, by matching local youth with screened, supervised, caring mentors. These "Bigs" help their "Littles" reach for their highest potential, and avoid the pitfalls of substance abuse, criminal activity, teen pregnancy and truancy. After a year with their mentor, Littles typically improve their performance in school as well as their relationships with family and peers.

Simply: the attention of an additional caring adult in a child's life, more often than not, leads to an increase in self-esteem, generating any number of positive outcomes.
